## AN APPEAL

### HELP PROTECT EDUCATE VALUE

Started its journey on 23rd November 2014 with an aim to Help Girl Child (Protect · Educate · Value) in their pursuit of empowerment and meaningful contribution to social and national development as propagated by great Indian reformers, philosophers and champions of female education such as Ishwar Chandra Vidyasagar, Raja Ram Mohan Roy, Swami Vivekananda, to name a few.

We are actively engaged in helping backward and deprived girl child to stand on their own feet with proper value-based moral education. While thanking all those who have been continuously supporting this noble work, we humbly appeal to one and all to come forward and extend humanitarian contributions. Feel proud to be a part of this great service.
